Thanks for the heads up Dan. It's a bit of a slower day since we aren't putting out the IAP, so you might not have too many people here at the ICP. You're welcome to come by and scope it out. Our Ops Brief is at 0700 and most ICP folks come in between 0600 and 0630. Btw, the ICP open at 0600. Please check in with me in Resources when you arrive in the morning of 8/14/15.

Thanks and safe travels.

All,

I just wanted all of you to know that my flight has been delayed again and I won't be arriving to Durango until 1945. Factoring in the drive to the Fair Grounds and picking up a vehicle I'll get to the check in location around 2045.

I'm assuming that some people may be working at that time so I plan on at least seeing the command post and area for situational awareness. I plan on being at the Fairgrounds at 0530 tomorrow morning.

Regards,

Dan

Hello Dan,

Thank you for being able to help out with our incident. I know you've been in contact with Marty. Everything is a go on our end and I attached is a copy of our deployment package. I cc'd Phillip Werner who will work on your travel arrangements asap.

Thanks and let me know if you have any questions.
